

Neon Moon -- Brooks & Dunn

From *Brand New Man* (1991). About 100 BPM, est.

Bass: Harley Benton P/J, 5-string, passive. GP-5 only.

A ballad-tempo two-step feel. Warm root-fifth with soft walk-ups. Round and dark, never pokey.

Built from the song's overall sound. I haven't verified the session bassist's exact rig.

Fingers over the neck. P pickup soloed or dominant. Tone knob around 40%.

AMP: Classic Bass (Ampeg SVT) + CAB: Apg115 IR (User IR 1)

The B-15 is the classic Nashville studio bass sound: round, woody, and warm.

Apg115's 100Hz peak gives girth. Classic Bass stays clean at low gain.
