

Red Dirt Road -- Brooks & Dunn

Title track of *Red Dirt Road* (2003). About 96 BPM, est.

Bass: Harley Benton P/J, 5-string, passive. GP-5 only.

A steady, warm mid-tempo pulse that grows with the chorus swells.

Built from the song's overall sound. I haven't verified the session bassist's exact rig.

Fingers. P forward. Tone knob around 50%.

AMP: Mess Bass (Mesa Bass 400) + CAB: TC410 IR (User IR 9)

A smooth, full Bass 400 clean into the neutral TC410. Warm without mud, and it leaves room for the guitars' low mids.
