

Ain't Nothing 'Bout You (Rhythm Guitar) -- Brooks & Dunn

From *Steers & Stripes* (2001). About 128 BPM, est.

A driving, danceable neo-traditional hit. Twangy Tele-style guitar and steel up front, with two-step energy start to finish.

Built from the song's overall sound. I haven't verified the exact guitars and amps on the record.

Instrument: Stratocaster (HSS). Position 2 (bridge+middle) for the rhythm. Bridge humbucker for the solo.

GP-5 only, Stratocaster (HSS), no pedalboard.

AMP: Dark Twin + CAB: EVM112 IR (User IR 5)

A blackface Twin with Bright on is the modern-Nashville clean: loud, snappy, glassy. It's cleaner than the 90s honky-tonk patches, to match the 2001 production.

EVM112 is the loaded guitar cab with a flat, hi-fi response. It keeps Nashville clean tones honest and doesn't add V30 honk.
