

Red Dirt Road (Rhythm Guitar) -- Brooks & Dunn

Title track of *Red Dirt Road* (2003). About 96 BPM, est.

A reflective, mid-tempo heartland-country song. Warm, gritty open-chord strumming that swells in the choruses, with melodic lead lines.

Built from the song's overall sound. I haven't verified the exact guitars and amps on the record.

Instrument: Stratocaster (HSS). Position 2 or the bridge humbucker for the rhythm. Bridge humbucker for the leads.

GP-5 only, Stratocaster (HSS), no pedalboard.

AMP: Z38 OD (Dr. Z Maz 38) + CAB: V30112 IR (User IR 10)

The Maz 38 is an EL84 boutique amp: warm, chimey edge-of-breakup that swells when you dig in. That's the heartland-country crunch.

V30112 is the loaded guitar cab with enough upper-mid bark for a crunch tone. EVM112 would thin out once the amp breaks up.

- **CTL on** -- Lead. Green OD plus dotted-eighth analog delay for the melodic fills and the solo.

Engage CTL for the lead lines and the solo. Drop back for strumming.
